6. Pest Control & Fumigation

We offer the most comprehensive and thorough professional expertise in pest control and fumigation services in Kenya and in the region. Our main goal is to provide quality and effective pest and fumigation control solutions to all our customers with a sense of warmth, friendliness and create exceptional value to our customers. We work very hard at earning our customer's trust and confidence through building relationships and delivering quality fumigation and pest control services.

Our experienced qualified service specialist are able to deal with all kinds of pests including rodents (both rats and mice), cockroaches, wasps, fleas, flies, bed bugs, termites among many other types of pests.

As an active member of the Pest Control Products board (PEMAK) and Pest Control Products board (PCPB), we are fully compliant on professional, technical and legal requirements to ensure your property is Pest free.

Our pest control inspection and treatment services are performed while taking your satisfaction into account. No matter your pest problem, you can be rest assured that we will offer a fast, efficient and professional pest control service to all of our customers.

Our service procedures include the following;

- Inspection of the facilities to determine the level of pest infestation.
- Recommendations on Structural and Sanitation issues.
- Recommendations on a suitable IPM program for the facilities (Frequency of service).

We also recommend a one-time Pest Control Clean up service for new/renovated buildings before commencement of operation so as to get rid of pests that are already in the building and also to discourage pest entry and harbourage.

The Main areas we provide Pest Control & Fumigation include:

- Restaurants and Bars
- Hotels and Motels
- Supermarkets/Grocery Stores
- Food Processing
